Mess. S.H.& H. Chapman:

Gentlemen: Pardon my unseemly delay in answering yours of the 13th ult. but I was on the go so much I did not have time to give it attention. What I want is Ancient foreign coins, of old dates, in the 15 and 16 hundreds, or curious and odd coins, the larger the better, also large Roman and Greek coppers. I don't care for silver coins unless they are very cheap, I run my collection more to variety and size than to value. I always buy from selections on approval. Would not care to go higher than $10 to $15 for a Cabinet. and would like a photo or print, or a thorough description before I buy at any time. In regards to references, of course you are correct in asking for them. When I wrote the postal I did know any thing about your business methods. I have bought

on approval from the following dealers, and can refer to them:

Thos. L. Elder, Pittsburg.
H. S. Dickens, Newton, Kansas.

Also refer for reference to

Hon. C. G. Covert, Mayor, of Evansville
J. P. Walker, Coroner Van. Co. Evansville,
P. J. Euler, Treasurer Van. Co. Evansville.
H. C. Murphy, Prop. Courier, Evansville,
E. T. McNeely, Prop Journal, Evansville.
or C. F. Bailey, Ticket Agt. Pens. R. R. South street station, Address 4131 Mantua Ave. your city.

I need refer to more, but it would be unnecessary.

Hoping to receive a favorable reply and a consignment from you at our Early date, I am

Gentlemen:- On my arrival home to-day I found package and letter from you, and through some insane impulse I opened the package first. I, however, saw my mistake when I came to your letter. and as the transaction cost me 45c ex/message I feel I was justified in looking them over. I have, however, carefully replaced them intact, and forwarded to Mr. Smith. I hope the mistake has caused you or he no uneasiness, and that he gets them O.K. I sent by Adams. Ex.

Ives Chapman:

Gentlemen, Package arrived from you O.K. to day - is certainly a fine collection, and had it arrived three weeks ago I would have taken the whole bundle without hesitancy. In the rush to get any cabinet in good shape (in which I have a very good reason to do it quick) I have spent $84.78 between Mr. Elder of Pitts Iron. Eisengart of Pitts, and Morey and Van Bergen of Boston, and must say I would rather have your lot at $53.85, than all that I have received for $84.78. I was particularly anxious for old Romans and bought $29 worth of them alone. And have about all you sent with the exception of the one I buy of you - I have a lot coming from Eisengart (paid for) which I expect to receive a week day. I have quite a lot chosen from your package, but will have to just see if they are in the Pittsburg lot en route, in which case I will have to cut them out of your order. I will make a selection, however, after they come, and return, and also come back, I also was rich enough to buy stuff like the ring handy believe that is money. but guess you know. Am in a position now to state what I want in coins - and will write you from time to time. Respectfully

I trust you had forgotten me.

Miss Chapman:

Gentlemen: Yours of the 18th to hand. Thanks for your confidence. Will see to it that you do not regret it. As to the other coins in the list you sent, and as to which of them I would like, the answer is easy, as the little word "all" would cover it exactly. But I guess I have picked out the ones that I feel I care for at present. Of the ancient Roman and Greek I have enough, and about the only ones I particularly desire in the list are the Pahang and Ivory coast, the Kings of Sicily and the Austria 1602 dollar size, and the W. Sistrian Java, but at present I would rather put that much money in to quantity, rather than quality.

I will, as soon as I get my cabinet arranged, send you a list of the countries I am shy of, and which I will want represented, and after I get all the coin issuing countries, (one or two of each) represented, then I will devote my attention to varieties. Oddities and varieties are what I want now, however. I would be very much pleased if you would send me the "Widows" mite referred to in your last, at #1. There is certainly a historical note with this coin, or something to go into the cabinet with it, of a descriptive nature, which I wish you will please send with it. I am ashamed to confess that while I have a recollection of the "Widows Mite" it

dates back to my Sunday school days, and my mind is a little rusty on the subject. I could probably write a note suitable to some people, but I am afraid some one who is wise on the subject might call me down on it. Therefore I would be obliged for a correct historical note regarding it. As the Nuremburg gold coin you speak of the same one as is exhibited in the collection at the mint in Phila. the one I have reference to is said by the lady in charge to be the smallest gold coin in the world. It is in the same case as the "Widows' Mite" in that collection, and when I saw it last Sept. it lay right along side of it. I presume you have

been that collection often enough to remember the coin I refer to. I expect to have a bigger collection than that one some day — wit. I will buy the Nuremburg later on — Had a little bad luck with my cabinet — one of the glass sides was broken in transit, and the manufr disclaims responsibility so I guess I am about $3.50 out on the deal unless I can get damages from the R.R. Co. Well, you may rest assured that I will exert every effort to settle with you by Jan. 10th, if not sooner, so wishing you a Merry Christmas and a Prosperous New Year, I am

Gentlemen: I found your package awaiting me on my return Friday, and after going over it carefully, I have picked out about all there was in the bunch that I did not already have, or near enough like them to suffice. I was especially struck with the India bar money, but I hardly like to pay the price (2.50 per pr.) I am pretty sure you have something that will show up better at that price. In a couple of cases where you offered 2 coins for 50c, I had one of the lot, and took the one of yours that I did not have, and split the difference on the 30-20 percentage rate when I only took one of a 50c pair. I paid 30 for the one. Hope that is satisfactory, as you gave no discount on singles.

The following are the ones I selected, and I enclose a check for part payment, and the rest will follow next pay day. as I have paid you here to fore.

If above list is not correct, notify me at once, as I may have overlooked some thing, and your coins are already done up for shipment tonight - In the meantime please keep a look out for

additions for me – In the next lot you send I would like you to include the Peerless size Austria, 1602, cracked die, at $1.25 that you sent in the first trade you sent me if you have it yet. You had South America pretty well represented in this lot, but none of Australia. I just sold of a bunch which had a good many South America in it just before your last lot arrived. If it was not so far to Paris, I would send you one of the ancient, fattest Arkansas ducks you ever sunk your teeth into, but after a jump from Arkansas, they are now two feet now. We had to throw a large amount of game away, as we had no cold storage facilities, and the high water kept us in a stew all the time. Well, I have had all the hunting I want now until the next fall, and I will settle down to the coin business good and hard. I don't know what to tell you to put in the next bundle. Any old thing,

Miscellaneous stuff, oddities, copper or silver, Anything that strikes my fancy I always ~~trade~~ buy. Oh, yes. please give me your lowest terms on a pretty good "pine tree shilling," while I am not collecting American coins, Every body and his relatives seems to have heard of the pine tree shilling, and nearly every one that sees my cabinet asks if I have it, and if they are not too wise, I point to something about that size and say "there it is" - the tree is on the other side - so if it don't cost too dam much, I will put one in to satisfy the natives. Well, I won't tire you any longer. Will be very glad to hear from you any time write any thing. Sorry I could not find more in the last bunch, that I was telling of. Nothing pleases me more than to add to my cabinet. We may do better next time. Look for regular remittance from me until I can hand up -

Gentlemen: Having had to be on the go very much during the past few weeks, rebuilding and sketching flood incidents (as the entire middle west is one vast sea of water at this time of the year) I had completely overlooked your last week, and have also misplaced my memorandum of my last purchase from you. If my memory is correct the amt was $7.35 and I have sent you $4.00 which with the $1.50 enclosed makes $5.50 in all, leaves a balance of $1.85, If I am not right, please let me know. I have entered it on my books as I have it here, from memory. I have seen any new freaks, or anything odd,

While as I have said before, I do not collect American pieces, the only coins that the natives out here seem to be at all familiar with is the "Pine tree shilling" (and I believe we did learn about that particular piece in school) and almost every one wants to know if I have it - I have a Spanish piece that looks a little like it, and show that to them, if they are very "raw" but to the wiser ones I have to admit that I have not got it, so I would like a piece or a piece, one of the cheapest of the several kinds, in good condition, just so it is a "Pine tree shilling" Please let me know your lowest price on a good one - I would like a new list of stuff sent when ever you get ready to send it - dont care what it is, just a miscellaneous variety of copper and cheap silver, old dates, odd dates &c, Enclose a pine tree and that Austrian dollar size I spoke to you about in my last in the next list, - send a large bunch so that I may be able to select a good order. as I want to add to my collection considerably before summer sets in, and I had better go in for quantity for a while. Send any old thing any old time Respectfully

Gentlemen: Yours of the 15th to hand and contents noted. Each of the coins you mention I have nearly the same thing, and I think I have had them all on approval from you Except the Leopard "Hog Nug" which I have 3 different pieces of. I have concluded I want the Ivory Coast Ring Money. The more I think of it, the more I want it, but I cannot as yet get reconciled to the Bakang Hat piece, although the price is reasonable enough — I have concluded to cut out copper coins from my collection (with the exception of very odd shapes and freaky looking ones) and put in nothing but silver, I will have to get another case any how very soon, and I will devote that entirely to coppers and my present one to silvers. I have over 150 coppers that are not in my case, as I have been

crowding them out to make room for later arrivals - Will want about 50 or 60 nice silvers from 25c to $1.00 size, after I get this lot settled for, which will about fill the 3 upper ~~xxxx~~ shelves in my cabinet. and the lower shelf I will devote entirely to curious shapes and freaks. - of which I will want a good many more to fill the shelf. While this acct is pending, of course I do not want to spend any more, as I want it settled as fast as I can get it done, and everything I buy in the interval will throw me back so much, but will take any real oddities you may come across in the meantime. The pine tree is attracting lots of attention. It is now in the possession (loaned) to the principal of the 6th grade in a school here, whose pupils live in that part of U.S. Hasting where the mine is shaken of! and the teacher wants the pupils to see the real thing - I have 2 more teachers after it - I think it will interest the pupils many more - Well, I won't bore you any longer - look for a remittance from me in a few days - and after this lot is paid for we will start another - The longer my collection gets the more enthusiastic I get - and silver is the only thing that retains my fancy now - It will be gold next.

differently, so this time I will go over the list again and again, and see what I can do with it. I am going to Washington next month, and will make an effort to call on you. Mrs Chapman:-

Gentlemen:- Pardon my delay in remitting and returning coins, but if I went over them once I went over them half a dozen times, hardly able to decide at any time which I mostly wanted - I was hog enough to want them all - but I endeavored, I believe, to make a selection to my entire satisfaction, after repeated attempts. While the order may not, in all probability, seem large to you, still it is the largest order I have taken at "one setting" in my career as a collector. I have been in the habit of buying in smaller lots, and buying often but now I will have to lay off buying for a while, until there are paid for, as I only devote what I feel like I can spare from my salary weekly, without feeling it too much, to my hobby, and I don't want to get swamped. I have chosen as follows:

No. 2	7.00	No. 29	.60
" 74	2.00	" 45	.20
" 4	.85	" 73	1.50
" 12	1.00	" 47	.60
" 26	.45	" 60	.75
" 27	1.25	" 10	1.40
" 53	.40	" 69	1.00
" 52	.20		
" 30	.75		
	13.90		6.05
			13.90
			19.95

Total 19.95

I liked the Pine Tree at #7.00 better than the one at #9.00 this month

larger and more distinct, and answers my purpose much better than the more costly one. There seems to have been quite a variety of sizes and dies used in the manufacture of the aforesaid piece. I have concluded not to bother so much about freaks, as they are so hard to get, and those that I want cost too much for me — I like the last very much I got from you this time, and will put in a good many more of the same character later on. I remit in part payment what I can spare this week — making a little special effort on the first installment — and will keep plugging away at it until it is squared up, — and then, I presume — start another one — I am never happy unless I owe someone, or some one owes me. I should like, however, to hear from you occasionally while this account is pending. As I enjoy your letters very much, and like to keep posted on any additions you may encounter.

Gentleman: Enclosed find check for balance of my account in full — $2.65. Circumstances over which I had no control together with the fact that I have been building a new home (into which I moved yesterday) prevented my settling with you as soon as I had intended — as there is no end of small details in arranging a home that keep a man pretty well skinned up at the time — However I have the home — so address me hereafter at 603 Linwood Ave instead of 909 as heretofore — Am still desirous of adding many more foreign (dollar size) silvers to my collection, and also a variety of the "types" of U. S. coins.

So I will have a comprehensive collection of the different kinds of U. S. — I don't care for rare dates, because if I commenced on them, and got as enthusiastic as I have been for years on the foreigns, I don't like to contemplate what it would end — I guess in the poor house or the crazy house — I guess I will have to confine my collection to varieties instead of rarities — Well, I should be pleased to hear from you at your pleasure — thanking you for your patience, I am Respectfully yours.

Gentlemen:

Your package arrived Monday quite unexpectedly. However I have gone over it and picked out all that I did not have, or very nearly the same dates - One piece in particular I was very glad to get - the Burgundy dated in the 1460's - have wanted a coin dated in that year for a long while, but have never been able to get one at a reasonable price - Now, as I told you in my last letter, I have decided to lay in a supply of the different types, not dates, of American coins - I have a few, and the fever has struck me hard and besides, so many people ask to see American coins

I have concluded to lay in a few of the different types - I intend to spend $25 or $30 in this order if I get what I want and will, of course, repeat a number of the cheaper U. S. coins for that price - will want a few of the cheaper gold pieces, ¼'s ½'s and $1.00 - and some of the old colonial stuff, but no medals or tokens. - With what I have ordered out of this lot it brings my collection up to 1711 foreign pieces silver 1 dollar size or over, and 231 pieces between ¼ and 1 dollar size - 309 about dime size and 2019 coppers - so you see I have a good bunch - All are paid for but this last lot I got from you. Now if you will - I wish you would send me a fair representation of the different types of cheaper U. S. pieces (not rare dates) at once, so that I may make a selection and make the whole thing in one

bill - as I intend to order enough, if prices are satisfactory to hold me for a while. - I have kept out the silvers that I desire, but may, in choosing from the U.S. lot, prefer some of them to some of the silvers I have selected, in which case I will return some of the silvers, if I have to do so to keep the bill within my limit, as I have decided to invest about $25 or $30, and can't tell where I am at until I see the U.S. stuff and prices thereon - And rogers now I prefer U.S. to foreign - although its pretty hard to get a bunch of foreigns now - but what I have it a very near it. - Anyhow, the U.S. fever has struck me very favorably and the time to catch me is while I am hot. - I intend to limit my collection of U.S stuff to

while there would be no limit to the foreign stuff I will collect. If this is satisfactory, let me know at once if you can send a box of U.S. stuff, and when, so I will know what to expect, and when.

Let me know your pleasure in the matter at once, As I want to get my case fitted up with the U.S. Stuff, whatever I get, before the high School exhibit ~~is~~ during the last week of this month. Hoping the hear favorably from you immediately, I am

Mess. Chapman:

Gentlemen: Enclosed find check for $1.60, which you will find by comparison with your books, settles my acct of $22.10 in full - please send me a receipt in full for account if you find it correct. Otherwise let me know if you find me in error. Am just a little ashamed that I could not settle this acct sooner, but the simple truth of the matter is that I have had too many irons in the fire at one time, brought about by the numerous ex petty expenses here and there incidental to building and moving into a new house - it seemed as though it was flying out money every time one turned around - but I have paid as each act just when I felt able to do so, and the result is that they are all about cleaned up, as this memo is. And this fall I will want to lay in a lot more U.S. stuff and overhaul my cabinet. Well, ta ta for the present. Will be glad to hear from you often. Hope our books agree.

Respectfully

Mess Chapman:

Gentlemen:

In your postal acknowledging payment of my account in full you state that I still owe 50c for the Iuiell catalogue. You are laboring under a misapprehension, however. It is true I ordered the catalogue about April 1st, but up to the 5th day of September, A.D., 1904, at 3.45 P.M. I have not received it, else I certainly should have remitted for it. I often wondered why it did not come, but said nothing to you about it. Look over your mailing list for that particular catalogue and I am positive you will see your error in thinking you sent me one. It did not come, whatever may have been your intention. Let me know what you find out, and oblige

Yours truly

Gentlemen

Got home today and found your package of coins and the catalogue awaiting me. I bid on the stuff that interests me particularly at present. Have opened the package but not had a chance to go over the coins, but am satisfied there is no Ivorycoast Kind Money in the bundle so I bid on the one offered in cat. Will get a chance to go over the package Sat or Sunday when I will make a selection

Miss Chapman

Gentlemen: Have gone over consignment of coins carefully, and find, with the exception of Nos. 10, 21 and 26, which are a little beyond my limit for that class of coins, I already possessed every coin you sent, outside of the ones I have picked out. I have No. 18 in 3 dates, but took a fancy to it on account of the counterstamp. Such obsidional stuff as the King money, Pahang Hat money, and stuff of that character is what I want to work on for a while now. I have the Pahang Hat money in 2 sizes, but have seen another size of it. Have a bid in your Auction on the King money, a ~~Mo~~ Matha Am sorry the consignment did not embrace more of the stuff I wanted, and am ready to take more, but of course, don't want any thing I have already got, and am no

Reader. I also want some more such patterns and coins of the nature of No 36, but dont want to ~~buy~~ get the high priced ones, as I have a lot of the cheaper grades to get before I can tackle the high priced stuff. I have chosen the following from the consignment, and enclose a check in part payment, balance to follow in installments at intervals

No 31 — 2.00
" 1 — 1.00
" 2 — .65
" 36 — .75
" 29 — 1.50
" 16 — 2.50 — plus

Total 8.40

Any obsidian stuff you may have I would like to look at, as this order is not as large as I would like to make it.

Respectfully
